3. Product Description

ASH GROVE PRO® Kolor-Paks are specially formulated concentrated liquid colorants used to tint Ash Grove Kolorstone Classic powder or any cementitious coating.

BASIC USE:

Recommended to tint:

- Ash Grove Kolorstone Classic
- Ash Grove Pro Wall-Tite
- Ash Grove Pro Masonry Sealer
- Ash Grove Pro Cure-N-Seal
- Portland finishes
- Acrylic Sealers

COMPOSITION & MATERIALS:

ASH GROVE PRO® Kolor-Paks are solutions of dispersible oxide pigments and acrylic resins.

4. Advantages/Benefits

ASH GROVE PRO® Kolor-Paks has several advantages including:

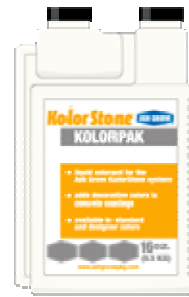

- Standard and designer colors
- Fade resistant iron oxides
- Easy to use
- Easily measured
- Color can be blended
- Cost effective
- Special colors available

5. Preparation

Thoroughly shake the container to make sure the colorant is entirely mixed in case of settling. Remove the lid on the 1 oz. chamber and squeeze the bottle until the chamber is filled. Relieve the pressure on the container to allow any excess colorant to return to the bottle. Pour out the contents of the chamber into the mixture to be tinted. Repeat the process if more than 1 oz. of colorant is needed per mixture.

6. Mixing Instructions

The colorant may be mixed in with the liquid portion of the mixture or with the powder and liquid already

mixed. After mixing, allow the tinted material to slake several minutes and remix. To keep numerous mixtures consistent, always add the same amount of colorant to the same amount of mixture. Box the mixtures to aid in consistency.

7. Placement

Follow the procedure for the product being tinted. Refer to the product information sheet for the product being used.

8. Curing

Using this colorant does not change the curing process for whatever product was tinted. Follow curing recommendations for the product. Refer to the product information sheet for directions.

9. Limitations

- Do not allow the colorant to freeze
- Keep both lids on tight
- Keep out of sunlight and high temperatures
- Shake well before using
- Store upside-down

10. Coverage

Coverage will vary depending on the product being tinted. Refer to the product information sheet for the particular product. One Kolor-Pak will tint 16 Kolorstone Kits at 1 oz. each, 8 kits at 2 oz. each, or 5 kits at 3 oz. each, etc.

11. Warning

ASH GROVE PRO® Kolor-Pak contains polymethacrylates and glycols do not swallow.. Normal safety wear such as protective clothing, boots, rubber gloves, dust masks, eye safety glasses should be worn while handling cement-based products. Material Safety Data Sheets are available upon request or at www.ashgrovepkg.com.

12. Limited Warranty

Packager, having no control over the use of the material, does not guarantee finished work. Replacement of any defective product or refund of the purchase price of defective product shall be the buyer's sole remedy under this warranty.

THIS LIMITED WARRANTY EXCLUDES ANY LIABILITY FOR ANY CONSEQUENTIAL, INCIDENTAL, INDIRECT OR SPECIAL DAMAGES.

EXCEPT FOR THE LIMITED WARRANTY MADE ABOVE, PACKAGER SPECIFICALLY DISCLAIMS AND EXCLUDES ANY OTHER EXPRESS WARRANTY, ANY IMPLIED WARRANTY OF MERCHANTABILITY OF GOODS AND ANY IMPLIED WARRANTY OF FITNESS OF GOODS FOR ANY PARTICULAR PURPOSE.
